

vor, and propose to continue it from Pembina to the ocean, passing the Rocky Mountains near the head waters of the Saskatchewan river. Such a line would be less than two-thirds the length of a line from Cairo to the Pacific. John Bull may make the railroad; but a telegraph to the Pacific he certainly will make. It is to run to Vancouver's Island, and an American line will connect with it at a station on the Red river of the North, and so bring it into the United States. But at the other end it is not proposed to let it stop at Vancouver's Island. It is to go on thence and connect in Russian America with a telegraph across Behring's Straits, and so to Europe; and if the Atlantic cable is not hurried up it will find its way anticipated. We published a series of letters a few days since from St. Paul, St. Cloud, and other points in the extreme Northwest, which give further details full of interest of the progress that is now being made in this long neglected district.

ANSWERING SOLDIERS TO DESERT.

Gen. Martindale, Military Governor, to-day transferred to a justice of the peace a man several weeks ago arrested on a charge of robbing citizens' clothes to soldiers and inducing them to desert for the purpose of selling them as substitutes. On a hearing the case two privates swore to the fact, when the accused was committed to jail for martial. The penalty prescribed by the enrollment is fine, not exceeding five hundred dollars, and imprisonment, not exceeding two years, nor less than six months, at the discretion of the court.

ARMY OF CULPEPER CONTRABANDS.

Another party of contrabands have arrived at Alexandria. They are mostly from the region about Culpeper. They represent that they were told to leave by their owners, because they had nothing wherewith to support them during the coming winter.

Mr. Edwin Booth takes his first benefit this season to-night. He will play Brutus and Petruchio. This double attraction ought to secure a double audience.
